

LIMIT BREAK

DIGITAL SOLUTIONS

CAPABILITY STATEMENT | ALBANY, NEW YORK

Big-project experience. Small-team accountability.

Microsoft 365, SharePoint, custom software, and digital modernization for government and organizations.

CORE CAPABILITIES

Microsoft 365 & SharePoint

Make more of the Microsoft tools you already own.

Custom software development

Purpose-built applications for the way you work.

Automation & integration

Fewer handoffs. More work moving forward.

Data & reporting

A clearer view of the information that matters.

Web & digital platforms

Digital services that are easier to use.

Application modernization

Move forward without losing what works.

EXPERIENCE & DELIVERY

Our principal brings 14+ years of technology delivery across public-sector, education, labor, and commercial environments. Delivery includes discovery, assessment, design, iterative build, validation, and launch with documentation, training, and knowledge transfer.

BUSINESS & CONTRACTING INFORMATION

Business formation and vendor registrations are being established. No active contract vehicle or certification is claimed. Confirm current status directly before procurement.
